# Verifone
# Speedpoint® device

## User guide

This manual will guide you in performing transactions on your Speedpoint® device.

All our Speedpoint® devices are able to process any Visa, MasterCard, UnionPay International, Amex, Diners Club, Private Label and Loyalty, credit, debit or cheque cards including chip and pin cards, magnetic stripe cards, fleet and contactless cards.

Our Speedpoint® devices are also enabled to process Cashback and eWallet transactions.

*Association Agreements with Amex, Diners and Private Label's must be set up directly.

# Table of contents

# Bank card rules

## Debit cards

> Allow Cash Advance transactions

> Do not allow refunds (alternative means must be used for refunds)

## All cards

> Cardholder receipts will no longer print automatically from the Speedpoint® device

> The cardholder receipt will only print if requested

> The Speedpoint® device will automatically print a merchant receipt showing whether the transaction has been approved or declined

> If the transaction has been declined a reason for the decline will be displayed on the receipt

## Chip & PIN cards (EMV)

*Europay, Mastercard, Visa*

EMV cards include debit, cheque and credit cards. If a Chip & PIN card is linked to more than one account, the cardholder will need to select **'Cheque'** or **'Savings'** and press **'Enter'** to confirm the account

## Contactless

> Contactless acceptance has been enabled on all Speedpoint® devices for purchase transactions

> The Speedpoint® device will prompt the cardholder for a PIN if it is required

*T's & C's apply*

## Speedpoint® device tries to connect but a communication timeout error occurs

### Desktop Speedpoint® device

- Check that the power cable of the radio pad/ modem is plugged in and is not damaged
- Check that the phone connections and radio pad/modem are plugged in correctly
- Check that the phone line is working
- Check the radio pad signal (check the signal lights on the modem)

### Mobile Speedpoint® device

- Check the GPRS signal (check the signal strength displayed on the Speedpoint® device)
- If these problems persist, contact the **FNB Merchant Services Help Desk on 087 575 0012**

## 'Communication failure' message displays on the screen

If there is no response from the host, the Speedpoint® device will automatically reverse the transaction. The reversal will be sent the next time the Speedpoint® device connects to the host

## Your Speedpoint® device is faulty when

- ❯ It will not read any cards when they are inserted or swiped
- ❯ It will not power up
- ❯ The screen displays an error message
- ❯ The keypad will not react
- ❯ Should you be unsure, please contact the **FNB Merchant Services Help Desk** on **087 575 0012**

# User management

## Add a user

- Press **'*'**
- Press **'1'** for **'System'**
- Press **'4'** for **'User Management'**
- Enter Manager ID and press **'Enter'**
- Enter Manager PIN and press **'Enter'**
- Press **'1'** to add user

## Change manager/supervisor PIN

- Press **'*'**
- Press **'1'** for **'System'**
- Press **'4'** for **'User Management'**
- Enter Manager ID and press **'Enter'**
- Enter Manager PIN and press **'Enter'**
- Press **'4'** for PIN change

## Delete a user

- Press **'*'**
- Press **'1'** for **'System'**
- Press **'4'** for **'User Management'**
- Enter Manager ID and press **'Enter'**
- Enter Manager PIN and press **'Enter'**
- Press **'2'** to delete user

## Enabling a reference number

- Press **'*'**
- Press **'2'** for **'Card processing'**
- Press **'1'** for **'Operator'**
- Press **'5'** for **'Settings'**
- Press reference number
- Press **'1'** for enabling reference number

Enter the **reference number** during the transaction when promted by the Speedpoint® device.

# Daily processes to complete

## Follow this checklist every day

❯ Leave the Speedpoint® device powered up and plugged in at night. Every evening at the same time, the terminal will perform an automatic settlement for all transactions processed that day.

> If a settlement was unsuccessful, the Speedpoint® device will try to reconnect three times after which a **'Settlement failed'** message will be printed.

> **In order to manually bank/settle the Speedpoint® device**
>
> • Press **'*'**
> • Press **'2'** for **'Card processing'**
> • Press **'1'** for **'Operator'**
> • Select **'Batch transmission'** (Shortcut: Press **'Enter'** on the home screen and select **'Batch Transmission'**)

❯ Check the end of day batch report every day

❯ If there are any new parameters for the Speedpoint® device, these will be downloaded automatically

> If the parameter download is unsuccessful a **'Parameter download failed'** message will be printed

> **To manually download parameters**
>
> • Press **'*'**
> • Press **'2'** for **'Card processing'**
> • Press **'1'** for **'Operator'**
> • Select **'Update parameters'.** (Shortcut: Press **'Enter'** on the home screen and select **'Update Parameters'**)

❯ Check that the parameter report has been printed every day

## Purchase

› To initiate the transaction, enter transaction amount and press **'Enter'**

› The screen will display a **'Pass terminal to the client'** message

› Cardholder must tap/swipe/insert card

› For credit cards, if a budget option is allowed, the screen will prompt the cardholder to select **'Budget'** or **'Straight'**. If **'Budget'** is selected, select the period from 3 to 60 months, after which a confirmation screen will appear

› Cardholder must enter PIN and press **'Enter'** (if required)

› Cardholder will be prompted to remove the card from the Speedpoint® device

› Press '**#**' on the home screen to view the list of available transactions

### ✓ Approved transaction

If transaction has been approved a **'Would you like a receipt'** message will be displayed on the screen. Press **'Enter'** to print a client receipt.

If **'Enter'** is not selected, only a merchant receipt will print. Cardholder will be prompted to return the Speedpoint® device.

### ✕ Declined transaction

If the transaction has been declined, a **'Declined'** message will appear on the screen and the cardholder will be prompted to return the Speedpoint® device.

The reason for the decline will appear on the receipt. If the problem persists contact the **FNB Merchant Services Help Desk on 087 575 0012.**

## Purchase including tip
*Relevant for restaurant environments only*

- › To initiate the transaction, enter purchase amount and press **'Enter'**
- › Enter the tip amount and press **'Enter'**
- › Enter table number and press **'Enter'**
- › Enter waiter number and press **'Enter'** (If waiter option has been set up)
- › Enter waiter PIN and press **'Enter'** (If waiter option has been set up)
- › The screen will display a **'Pass terminal to client'** message
- › Cardholder must tap/swipe/insert card
- › For credit cards, if a budget option is allowed, the screen will prompt the cardholder to select **'Budget'** or **'Straight'**. If **'Budget'** is selected, select the period from 3 to 60 months, after which a confirmation screen will appear
- › Cardholder must enter PIN and press **'Enter'** (if required)
- › Cardholder will be prompted to remove the card from the Speedpoint® device

### ✓ Approved transaction

If transaction has been approved a **'Would you like a receipt'** message will be displayed on the screen. Press **'Enter'** to print a client receipt.

If **'Enter'** is not selected, only a merchant receipt will print. Cardholder will be prompted to return the Speedpoint® device.

### ✕ Declined transaction

If the transaction has been declined, a **'Declined'** message will appear on the screen and the cardholder will be prompted to return the Speedpoint® device.

The reason for the decline will appear on the receipt. If the problem persists contact the **FNB Merchant Services Help Desk on 087 575 0012.**

## Refund

- › Press **'#'**
- › Select the **'Refund'** option
- › Enter refund amount and press **'Enter'**
- › Enter supervisor ID and press **'Enter'**
- › Enter supervisor PIN and press **'Enter'**
- › The screen will display a **'Pass terminal to client'** message
- › Cardholder must swipe/insert card
- › Cardholder must enter PIN and press **'Enter'** (if required)
- › Cardholder will be prompted to remove the card from the Speedpoint® device

### ✓ Approved transaction

If transaction has been approved a **'Would you like a receipt'** message will be displayed on the screen. Press **'Enter'** to print a client receipt.

If **'Enter'** is not selected, only a merchant receipt will print. Cardholder will be prompted to return the Speedpoint® device.

### ✕ Declined transaction

If the transaction has been declined, a **'Declined'** message will appear on the screen and the cardholder will be prompted to return the Speedpoint® device.

The reason for the decline will appear on the receipt. If the problem persists contact the **FNB Merchant Services Help Desk on 087 575 0012.**

## Reverse last

*The 'Reverse last' option can only be used to reverse the very last transaction performed on the Speedpoint® device.*

- › Press **'#'**
- › Select the **'Reverse last'** option
- › Enter supervisor ID and press **'Enter'**
- › Enter supervisor PIN and press **'Enter'**
- › The screen will display a **'Pass terminal to client'** message
- › Cardholder must tap/swipe/insert card
- › Cardholder is prompted to enter the exact purchase amount to be reversed and press **'Enter'**
- › Cardholder must enter PIN and press **'Enter'** (if required)
- › Cardholder will be prompted to remove the card from the Speedpoint® device

### ✓ Approved transaction

If transaction has been approved a **'Would you like a receipt'** message will be displayed on the screen. Press **'Enter'** to print a client receipt.

If **'Enter'** is not selected, only a merchant receipt will print. Cardholder will be prompted to return the Speedpoint® device.

### ✕ Declined transaction

If the transaction has been declined, a **'Declined'** message will appear on the screen and the cardholder will be prompted to return the Speedpoint® device.
